Career Objective

Aspiring and highly motivated Software Engineer with a strong foundation in Java, HTML, CSS, SQL, JDBC, Hibernate, and Spring Boot, Ms Excel, Power Bi. Eager to leverage my technical skills and passion for coding to contribute effectively to a dynamic development team. I am committed to continuous learning, building scalable applications, and delivering high-quality solutions that solve real-world problems. Seeking an opportunity in a growth-oriented organization where I can enhance my skills and contribute to innovative software projects.

Technical Skills

- Languages:** Java, HTML, CSS.
- Frameworks / Libraries:** Servlets, JDBC, Hibernate, Spring Boot.
- Databases:** MySQL.
- Developer Tools:** Visual Studio, Edit Plus, Eclipse IDE, Ms Excel, Power Bi.
- Web/Operating System:** Windows.
- Technical Proficiencies:** Object-Oriented Programming, Database Management System, Data Visualization.
- Soft Skills:** Leadership, Problem-Solving, Collaborative.

Education

Bachelor of Engineering in Computer Science

Ongole

Qis College of Engineering.

Nov 2020 – June 2024

- Final CGPA: 7.95

Pre-University Course

Giddalur

Sahithi Junior College

June 2018 – April 2020

- Final Percentage: 65%

Secondary School Leaving Certificate (SSLC)

Giddalur

Surya Vidhya Nikethan -School

June 2017 – April 2018

- Final Percentage: 90%

Academic projects

Project: Privacy-Preserving Medical Data Sharing Scheme Based on Blockchain

Oct-2023 – April 2024

- Developed a blockchain-based system to ensure secure and confidential sharing of medical data.
- Implemented cryptographic techniques and smart contracts to regulate access and maintain data integrity
- Enabled patients to control data access while ensuring transparency, security, and efficiency in healthcare data sharing.

Power BI Project – Uber Trip Analysis Dashboard

mar 2025 – April 2025

- Designed and developed a comprehensive Power BI dashboard to uncover insights from Uber trip data, focusing on booking trends, revenue generation, and trip efficiency.
- Implemented advanced features like dynamic measure selection, interactive slicers, tooltips, and conditional formatting for enhanced user experience.
- Conducted detailed location and vehicle-type analysis to support strategic planning and demand forecasting
- Delivered a professional, user-friendly dashboard with bookmarks, dynamic titles, and export functionality to support data-driven decision-making.

Courses and Certifications

- Completed hands-on training in full-stack development, including front-end and back-end technologies.
- Gained experience in building and deploying web applications using Java, SQL and related technologies

Hobbies

- Playing Badminton
 - Travelling
-

STRENGTHS

- Quick learner.
 - Positive attitude.
 - Creativity.
-

DECLARATION

I hereby declare that all the information furnished above is true to the best of my knowledge.
